

As a Wisconsin resident I am concerned over the request by the Consumer Banking Association to have the FCC weaken the Wisconsin No Call List. The Wisconsin No Call List and its strict regulations were put into effect to protect Wisconsin residents from unwanted commercial phone calls. I do not feel that having the FCC weaken this law by bending to the request of large commercial interests is of any benefit to Wisconsin residents, or to any individual for that matter. I therefore respectfully request that the FCC does not move to weaken the Wisconsin No Call List Law.
